I'd say check it out if you're curious (I certainly enjoyed it), but don't expect too much out of it either. Just as I felt as though I was getting a hand on navigating the various obstacles and solving the terminal puzzles, the game just... It is not recommended to be in the area of direct sun exposure without extreme necessity».

It's a good distraction in between much longer games I really don't understand why this game isn't free.

The nameless droid seems to bob and meander as it sways around, taking in the world around it as the player does. Somehow, the game evokes a sense of grandeur despite the limitations in movement and explorability. The project has already allocated more than \$ 2 trillion from the Reserve Funds... At \$1 99, one needs to decide if 20-30 minutes of gameplay is worth it, which is a fair question. ends I can't imagine that this is all the developers at DimpleTeam have in store for us... It's so short and honestly the puzzles were not at all difficult, I wish it would have at least provided more hours of gameplay... As NL ends, we're treated to a scene that begins to reveal more of the world only hinted at briefly earlier in the game.
